TREES NEAR RAILWAY TRACKS.—The Lake Shore and Michigan Southern Railway Company have commenced the work of planting trees along the tracks of their roads-11,000 chestnut and 10,000 European larches having been planted along its line between WhitePigeon and Toledo, through the country where the forests have been mostly cleared away and the supply of timber is scantiest. The work was most thoroughly done, with the intention that every tree might live, and the cost, including the time of the laborers, who belong to the regular force of the road, and did this work in connection with and in addition to their ordinary duties, was an average of eight cents per tree : excluding the labor of the company's employees, the cost was only four cents per tree. The raising of trees suitable for cross ties on the unoccupied land adjacent to railway lines has something practical in it. These trees, when of proper size, may be used for replacing cross ties, and thus become a source of profit, or rather of saving; and when growing, a protection against storms, especially the heavy snow and wind storms of the prairie country. The rapid extension of the railway system, and the short "life" of ties-estimated not to exceed on an average more than four and onehalf years-makes the production of timber of particular interest to railway men.

NATTANS' CRYSTAL DISCOVERY is the only article entirely harmless which restores gray hair to its natural color and youth-NATTANS CRYSTAL DISCOVERY

contains no poisonous substances, no sugar-oflead, sulphur or nitrate of silver NATTANS' CRYSTAL DISCOVERY restores gray hair in from three to ten days in every instance. We warrant it. NATTANS' CRYSTAL DISCOVERY

supplies the hair with new vitality, and hence steps its falling out.
NATTANS' CRYSTAL DISCOVERY

is perfectly cleanly; it does not soil the finger nails, the finest fabric or anything else. Jewelry, which has been blackened by the various sulphur preparations, it not only does not dirty, but if applied will beautifully cleanse. Try it. NATTANS CRYSTAL DISCOVERY makes dry and brash hair moist and glossy,

without, however, making it sticky, as other dirty articles of this kind do. Pomades and oils may be used, if desired, with this preparation, without impairing its usefulness.
NATTANS' CRYSTAL DISCOVERY restores hair to its natural color in a few days NATTANS' CRYSTAL DISCOVERY

has, in a number of instances, produced a new growth of hair; though it is not claimed that it will be successful in every case.

NATTANS' CRYSTAL DISCOVERY

is put up in large bottles, containing over half as much more as any other in the market, while its effects are more prompt and positive; therefore, it is certainly the most economical article in use. In short, there are a thousand reasons why you should use it in preference to any other-reasons which have induced the masses who use hair re-storers to use it—and chief among which is the perfect safety with which you can apply it. Try it, if you have not done so already, and though you may have used something before, or for years even, yet we can assure you that after giv-ing CRYSTAL DISCOVERY a trial, you will gladly discard your previous favorite. If your druggist has not got it, take no other, for this is the only preparation you can use with safety, and which will perform its functions promptly. Ask him to get it for you. Price one dollar.
